WEATHER & COURSE

Cloudy, 57 degrees;
pavement makes up 99%
of course. Grass start
and finish. Three long
inclines of approximately
5 degrees and 800 meters
in length.

SUGGESTIONS:

- 1. Change finish;
- 2. Measure course for exact mileage;
- 3. Have timers at every mile mark;
- 4. Have backup timing device;
- 5. Have more officials in finish chute;
- 6. Have longer chute; and,
- 7. Change angle of first turn leading
up to Harder Rd.
