

Almond Bowl Run

Race Results 1983

Dear Runners,

Congratulations on participating in the 1983 Almond Bowl Run. We hope the experience was memorable for you. It was for us because a race of this size is an exercise in attention to detail. And, it doesn't come cheap in time or money. For instance, there were: \$1,188 worth of portable toilets, insurance (which had to be worded perfectly), \$6,080 worth of t-shirts, appearances before the City Council for permits, 7000 fillers and related expenses, course certification, care and feeding of the 3000 finish line clock, expenses related to the borrowed finish line clocks, fence posts, flags, chalk, tables, chairs, and refreshments. The list could go on and on, and at times it seemed that it would never end!

Every effort was made to provide you with the best possible races. Unfortunately, with a race this big there is bound to be a hitch, usually at the finish line. This year was no exception. However, our two backup systems allowed us to sort out the initial problem and the results are correct to the best of our knowledge. We apologize for any confusion there might have been immediately after the race.

As always, an undertaking like this is a group effort and that was especially true of the '83 Almond Bowl Run. Over 200 volunteers from throughout the community played a part. We sincerely want to thank each of them for their time and energy and hope they enjoyed the experience as much as we did. We also hope each volunteer realizes there would not have been a race without their help.

A few individuals deserve special mention: Marijke Valencia who handled registration and "bookwork" with impressive speed and skill, Walt Schaten whose patient counsel helped to keep us on an even keel, Anne Vayth who was an energetic and enthusiastic race assistant, and Doris and Ev Riggle who were instrumental before, during and after the race. Ev was computer programmer and trouble-shooter for registration and results tabulation. Doris designed and laid out this very attractive results bulletin.

Again, congratulations for participating. We welcome your suggestions on how to make the Almond Bowl Run even better and hope to see you at the Tenth Annual Almond Bowl Run next year.

Ken Lake and Dave Welch
